Re: Program to Support Christian Education and Home Schooling  
Fellowship Bible Church

Fellowship Bible Church (FBC) has received pledges to financially support implementation of a program with the goal of making Christian Education or Home Schooling more accessible to those FBC members who desire those forms of instruction for their children. The FBC Christian Education and Home Schooling (FBC-CEHS) program outline is enclosed for your review and consideration.

The Elders believe that instruction provided in the Home, at School, and in Church are individually and equally important in the development of children to be committed disciples of Jesus Christ, and believe this new program is an opportunity to express love for those in our congregation as we individually sacrifice to help build strong families. The program as originally proposed has received support for a duration of at least five (5) years beginning with the 2012-2013 school year, it is hoped the program will be supported for many years after.

Distribution of awarded funds will be made according to the schedule under which the remaining schooling costs are paid (monthly, by semester, by year).

FBC Board of Elders

**Applicant Name** \_\_\_\_\_ **Phone #** \_\_\_\_\_

- I have \_\_\_\_ children, and wish to explore funding for Christian Education. Further, I agree to provide the committee with an accurate accounting of the registration and tuition costs to be paid by me to the Christian School.
  
- I have \_\_\_\_ children, and wish to explore funding for Home Schooling, and hereby state that I will not receive funds from another home schooling assistance program during the upcoming school year. Further, each child included in the above number will be receiving at least 50% of their schooling in a home school.
